01 Style and order

What the garment is, and how many

Field	Your answer	Notes
Style name or reference		Your internal code
Product category		T-shirt, hoodie, woven shirt, denim…
Target market		Decides labelling and testing
Delivery date needed		In your warehouse, not at the port
Quantity per style		Total pieces
Colours and quantity each		Minimums usually apply per colour
Size range and ratio		e.g. S–XL, 1:2:2:1

02 Fabric

The largest single cost in most garments

Field	Your answer	Notes
Composition		e.g. 100% combed cotton
Weight (GSM or oz)		Or a garment to match
Knit or weave structure		Jersey, piqué, fleece, twill…
Finish or wash		Enzyme, brushed, garment dye…
Certification needed		GOTS, OCS, GRS, OEKO-TEX
Colour references		Pantone TCX numbers preferred

03 Trims

Each trim has its own minimum

Field	Your answer	Notes
Thread type and colour		Match or contrast
Rib, cuff or collar		Composition and width
Zips		Brand, gauge, colour, puller
Buttons or snaps		Material, size, finish
Elastic or drawcord		Width, colour, aglet
Interlining or fusing		Where used

04 Measurements Where most disputes start

Field	Your answer	Notes
Size chart attached		Centimetres, every size
Base size		The size the pattern is made in
Tolerances		e.g. ± 1 cm on body length
Fit reference		Garment sent, or brand reference

05 Construction Say what matters if you are unsure

Field	Your answer	Notes
Seam types by seam		Overlock, coverstitch, flatlock…
Stitches per inch		Per seam if it varies
Bar tacks and reinforcement		Positions
Hem depths		Body and sleeve

06 Branding and labels Legal content, not just design

Field	Your answer	Notes
Neck label type		Woven, printed or heat transfer
Care label content		Languages your market requires
Hang tags		Artwork, string or pin
Print or embroidery		Method, size, placement from HPS
Artwork files attached		Vector preferred (AI, EPS, PDF)

07 Packing Packaging fees apply in several markets

Field	Your answer	Notes
Folded or hanging		And fold size
Polybag type		Recyclable, printed or plain
Carton assortment		Solid size or ratio pack
Barcodes and stickers		Format and position
Carton marks		Required text

08 Compliance and commercial

Confirm before production, not after

Field	Your answer	Notes
Tests required		Shrinkage, fastness, restricted substances
Kidswear rules		CPSIA, EN 14682, flammability
Factory audit required		BSCI, WRAP, SMETA, SA8000
Shipping term		FOB, CIF or DDP
Destination port or address		For CIF and DDP quotes
Target price per piece		Tell us even if it is a stretch
Confidentiality		Your tech pack is used only for your order

Send to **hello@clothingmanufacturerbangladesh.com** with your sketches, artwork files or a reference garment. We reply within one working day with questions or a first costing.
